

*Developing young people through
personal challenge*

HEALTH AND SAFETY POLICY

Youth Challenge Oxfordshire (YoCO) is committed to providing activities in a safe environment without risk as far as is reasonably practicable.

The overall responsibility for the implementation of this policy rests with the Trustees. Day to day responsibility for ensuring this policy is put into practice is delegated to the Project Director.

All leaders will be made aware of the contents of this policy as part of the induction process and be encouraged to take responsibility for ensuring their own personal health and safety and that of others who may be affected by their actions.

Youth Challenge Oxfordshire will:

- Take out and maintain adequate insurance to cover all possible liabilities and display this information publicly
- Provide equipment that is maintained in a safe condition at all times and provide instruction in its safe use. This includes regular tests of fire extinguishers, where club staff are responsible for this. Where the building is not managed by club staff, ensure you obtain records from the person responsible for this
- Ensure that assessments are carried out in accordance with the Risk Assessment Policy
- Make sure that fire drills are undertaken on a regular basis and everyone knows where the emergency exits are, and that they are adequately sign posted
- Establish and display prominently on the premises emergency procedures to be taken in the event of fire, incidents, accidents and illness
- Maintain necessary health and safety records including an Accident Book
- Make sure that a First Aid box is regularly checked and its location known to all leaders
- Ensure that a qualified first aider is present at all club meetings and those present know who it is
- Make Emergency Aid Training available to all leaders
- Ensure the safe storage, handling and labelling of any hazardous materials

- Provide relevant information and encourage leaders to undertake training relating to Health and Safety matters
- Investigate accidents promptly
- Carry out regular safety checks of the building and outdoor/ activities areas. It is recommended that a check is carried out at the start and finish of every group session

The following procedures and details are included in the leader's induction programme but not limited to:

- Emergency procedures for fire, incidents, accidents, illness
- List of first aiders
- Up to date useful telephone numbers to hand

This policy was adopted at the Board of Trustees Meeting on: 13th September 2018

On behalf of the Board of Trustees: Jane Cranston (Chairman)

This policy will be reviewed annually by the Board of Trustees; Date of next review September 2019

YoCO Health and Safety Checklist

For use with new volunteer leaders and as part of induction on Health and Safety.

NAME

GROUP.....

Action	Date Completed
Knows emergency procedures	
Has read and understands Health and Safety policy
